

# Avalara VAT Engine v20.5.1

---

Release Note

## Overview

This release is a for the Avalara VAT Engine application for May 2020. It includes new changes and improvements.

## Change Log

Ref	Description
VEN-399 & VEN-398	<p>New logic has been implemented so that Avalara VAT Engine assigns a correct VAT number. When no VAT number has been chosen, Avalara VAT Engine will assign a VAT number based on the country of supplier.</p> <p>This logic applies to all operations within GGC countries when the supplier is established in a GGC country.</p>
VEN-389	Upgraded installer from .NET 2.0 to .NET 4.0
VEN-387	Transaction ID 1300 has been mapped to boxes 2 and 8 of the NO VAT Return to report supplies of services to EU customers when the place of supply is Norway.
